

# Top 10 Job Boards for Blockchain & Web3 Professionals

**The Signal-Over-Noise Guide:** Finding verified, high-compensation roles in crypto requires targeting platforms with active recruiter presence and spam-filtered listings. Bookmark this curated guide to accelerate your search.

## 01. ArtOfBlockchain.club (AOB Job Board)

#1 COMMUNITY PICK

Community & Verified Roles

**Best For:** Vetted Web3 roles, career transitioners (Web2 to Web3), developers, and non-technical talent.

**Why It's #1:** Hand-curated listings, direct networking with founders & hiring managers, proof-based talent profiles, and integrated Web3 CV audits.

 **Direct Job Board:** [artofblockchain.club/blockchain-developer-jobs](https://artofblockchain.club/blockchain-developer-jobs)

## 02. Web3.career

Largest Global Database

**Best For:** Solidity engineers, protocol devs, marketing leads, and salary transparency benchmarks.

**Key Feature:** Massive volume with clear compensation insights and ecosystem-specific tags (EVM, Solana, Rust).

 **Website:** [web3.career](https://web3.career)

## 03. CryptoJobsList

Industry Standard

**Best For:** Community management, growth marketing, operations, and DeFi analysts.

**Key Feature:** Established platform since 2017 with active recruiter direct messaging and verified listings.

 **Website:** [cryptojobslist.com](https://cryptojobslist.com)

## 04. Cryptocurrency Jobs

Curated High-Growth

**Best For:** Venture-backed crypto startups, product managers, and UI/UX designers.

**Key Feature:** Clean editorial curation that rigorously eliminates spam, duplicate, and ghost postings.

 **Website:** [cryptocurrencyjobs.co](https://cryptocurrencyjobs.co)

## 05. Bankless Jobs

DeFi & DAO Focus

**Best For:** Protocol governance, tokenomics, quantitative research, and DAO contributors.

**Key Feature:** Direct visibility and integration with premier decentralized protocols and native Web3 brands.

 **Website:** [jobs.bankless.com](https://jobs.bankless.com)

## 06. Wellfound (AngelList Talent)

Seed & Early-Stage

**Best For:** Early-stage crypto startups offering attractive token/equity compensation.

**Key Feature:** Direct founder messaging pipelines and transparent funding round information.

 **Website:** [wellfound.com](https://wellfound.com)

## 07. Remote3

100% Remote-Only

**Best For:** Distributed engineering, technical writing, and asynchronous global roles.

**Key Feature:** Strictly remote opportunities filterable by timezone, region, and work authorization.

 **Website:** [remote3.co](https://remote3.co)

## 08. Crypto-Careers.com

Institutional & Legal

**Best For:** AML/KYC analysts, blockchain legal counsels, compliance heads, and enterprise sales.

**Key Feature:** Strong footprint across regulated exchanges, institutional custodians, and fintechs.

 Website: [crypto-careers.com](https://crypto-careers.com)

## 09. Proof of Talent

Boutique Recruitment

**Best For:** Mid-to-senior technical contributors, blockchain architects, and executive leaders.

**Key Feature:** Specialized agency representation matching top-tier talent with VC-backed enterprises.

 Website: [proofoftalent.co](https://proofoftalent.co)

## 10. Ecosystem Foundation Job Hubs

Protocol Core & Infra

**Best For:** Core protocol researchers, client devs, DevRel, and grant-funded ecosystem teams.

**Key Feature:** Direct careers portals for major layer-1 and layer-2 foundations.
